CSS

JavaScript

Projects

ambaenterprises.in while in the learning phase of front-end web development, I created this website for a local business in my hometown.

https://github.com/Nishchal-Guptaa/QR-Code-Generator

QrCode Generator can generate qr code of any link, number and text.

https://github.com/Nishchal-Guptaa/This-is-my-first-repo.

This is the first webpage that I have made.
